

Bond Projects Updates for Monday 19 December 2011

Senior Center

- **MILESTONE – Standing walls at the north end - Friday 12/16/2011**
- Construction of curbs, gutters, and walkways continued all week

Framing the wall sections on deck, then standing and fastening them to the slab and each other.

The view from north parking lot, looking ESE toward Mt. Diablo

View toward Gregory Lane from the "front door" of the slab

Teen Center

- Framing and masonry continued to shape the building

Community Center

- At a Special Board Meeting held Wednesday 12/14/2011 at the Winslow Center, Dahlin Group gave a presentation of the new Community Center interior design elements. The Board approved the design.
- Utilities design in progress: CCWD work to provide a new required hydrant on Taylor Blvd and PG&E work to provide an upgraded transformer.

All Sites

- GNU Group presented to staff an exterior signage design package which incorporates the new District logo. The presentation for the Board's consideration will be made at the regular Bond Projects segment of the Board Meeting, Wednesday Dec. 21, 2011 at 6pm.
