

Bond Projects Updates for Monday 29 October 2012

Senior Center

- Pedestrian access to Pleasant Hill Park from Patricia Drive is now open.
- The three parking lots were water tested.
- Alarm system and Audio-Visual equipment installation continued.
- Fire system tests were performed on Wednesday 10/24/12. Additional work is required.
- Miscellaneous patch painting and finishing was performed.
- Glazing that had failed the pressurized water test was reinstalled.

Looking north from near Gregory Lane: Water testing the main parking lot. (20121026-1042)

Flooring on the platforms in the Multi-Purpose (Chateau) Room and the Dance Studio has been installed.

(20121023-0941)

Teen Center

- Punch list work continued.
- Audio-Visual, networking, & phone system installation continued.
- Staff was busy preparing the building for teen programs that begin in November.
- See our website for programs, rental information & fundraising opportunities!
