

Bond Projects Updates for Monday 3 September 2012

Senior Center

- East side landscaping area was tilled and irrigation work began.
- Interior painting work continued.
- Kitchen floor tile installation in progress.
- West parking lot improvements continued throughout the week.
- Mechanical, electrical, and plumbing work is finishing up. Electrical and gas connections to PG&E are made.

West parking lot work (20120829-1016)

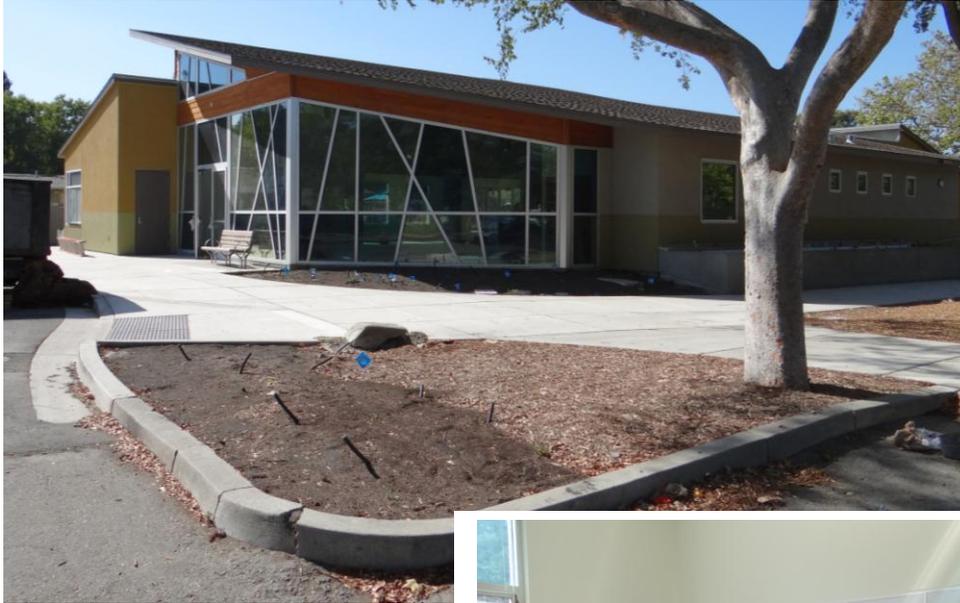

Kitchen floor tiles (20120831-1617)

Looking WNW across the upcoming replacement turf area. (20120831-1614)

Teen Center

- Snack Shack equipment installation continued.
- Fencing with gates between the Teen Center and Aquatics area was installed.
- Floor coverings installation began in the main room.
- East side landscaping installation is in progress, including turf areas.

The new Teen Center is nearing completion. (20120831-1609)

Rental bookings are now being accepted. Check our website for details:

www.pleasanthillrec.com

Snack Shack equipment installation in progress. Service windows open to the interior, the pool deck, and the park. (20120831-1610)

The gates between the Teen Center and the pool deck can be opened for rentals and events. (20120831-1611)

Installers have laid out the floor covering design and are fitting the patterns of color and shape. (20120831-1610)

Community Center

- Over-excavation of the site continued throughout the week.

Excavators discovered a few remnants of the old Community Center foundation that had been overlooked in the demolition last year. The large one is approximately 4'x4'x16' and weighs over 50,000 lbs. (20120830-1740)

Above: Looking northwest from the playground. The center of the site is now being over-excavated. (20120830-1736)

Below: Looking southwest from the parking lot. The playground appears to be sitting on an island. (20120831-1705)
