

## Bond Projects Updates for Monday 6 May 2013

### Community Center

- MEP (Mechanical/Electrical/Plumbing) installation continued.
- Roof framing and sheathing continued.

Looking SW - events entry on the left and kitchen loading door to the right. (20130502-1011)

Looking west from the events entry – the hallway is for restroom, kitchen, and storage areas, as well as a path of travel to the classrooms and offices on the west side of the building.  
(20130502-1012)

View east along the south face of the Perera Pavilion/Dance Studio. (2013050301400)

Looking south at the main entry, with the preschool rooms exterior entries area on the right. (20130503-1349)

Looking more solid as the work progresses each week. (20130503-1349)

Looking south on the west side of the building – the large divided preschool area, then the office area next to it. (20130503-1352)

WNW view into the classroom nearest Taylor Blvd. HVAC ducting is being installed above the future ceiling. (20130503-1356)

Another look at the NW corner of the building – the window is in the WeeTot Room . The small section of lower roof is over the waiting/entry to the preschool classrooms. (20130503-1405)

From inside the Perera Pavilion: Dance Studio; hallway; kitchen door; bar/storage; front entry .(20130503-1358)

The roof extends beyond the interior space of the main events area. (20130503-1400)

#### Pleasant Oaks Park

- Bids were opened at the Admin Offices, 147 Gregory Lane, PH on 5/2/2013 at 2 pm. Determination of responsive and responsible bidder is in progress.
