

Bond Projects Updates for Tuesday 17 January 2012

Senior Center

- PG&E made the new gas connection and staked the new power pole installation site on Gregory Lane
- Framing proceeded through the week – more interior spaces became defined with every new wall
- Continuing work performed on the site drainage system
- Bocce courts area grading work in progress

West wall of the CC Café –
entryway visible lower left of wall

As-yet-unpaved walkway (left)
and planter masonry (right)

Looking north into the
library/lounge

Drainage work along parking lot walkway

Looking south down the office area hallway

South view from "front doors"

North view from "front doors"

Teen Center

- **MILESTONE – Parking lot paving** completed as of 1/10/2012 (not including any patch work that may be needed over the course of construction)
- Parking lot improvements continued: concrete along new drop-off curb being poured in large sections
- Trash enclosure masonry finished and roof framing installed
- Roofing and framing continued

Trusses being lifted into place over the new park restrooms

View from the path near the existing park restrooms

Trash enclosure will be stucco'ed and roofed to match the Teen Center

Concrete patterned to match the forthcoming "Whacky Mullions" and concrete entryway pattern of the Teen Center

As of Friday afternoon 1/13/2012
