NAMING OPPORTUNITIES

Named gifts are a meaningful way to honor and recognize loved ones, living or deceased, and perpetuate the name of an individual, a family, a business or an organization for many years to come. It is gift that associates the name of the donor or someone designated by the donor with the institution. A Named Gift offers highly visible public recognition to prospective donors. These Named Opportunities are scaled in proportion to the size of the campaign goal, not the construction cost of the building, room, or area being named.
